Hello Tran, to my knowledge this part has not been sold to other distribution channels other than Patrick. Rich Solar is an exclusive vendor of said products and if there were other distributors involved I would have been notified.

Thank you ,

Charles Eger

Re-reading your original email, it appears the recalled product may have been sold to other distribution channels. If that's the case, please provide the completed spreadsheet and I will need to follow-up if the recalled products were used in any other OEM application.

Thanks,

Wilson Tran

Good morning Charles,

Thanks for the quick response. If Brinkley RV is the sole purchaser of the recalled equipment, then you don't need to return the spreadsheet. The spreadsheet is only returned if there are multiple purchasers of the recalled or similar equipment.

Thanks,

Wilson Tran

You don't often get email from egerc@patrickind.com. Learn why this is important

Hello Tran, I am the Patrick representative that supplied the parts to Brinkley RV. I have filled out your spreadsheet and am awaiting the number of different versions that were distributed in total once I have that information I will send the spreadsheet back if I am ablet to attain the different versions sold of the controller. Brinkley RV is the only OEM that was receiving the part.

Thank you ,

Charles Eger

**********This Message originated outside your organization.**********

Hello,

The National Highway Traffic Safety Administration's (NHTSA), Office of Defects Investigation (ODI), Recall Management Division (RMD) is conducting a compliance review of safety recalls to define the supply and distribution of the recalled equipment and to influence the prompt initiation of additional safety recalls where necessary. In recall 25V042, Brinkley RV identified your company, Patrick Industries, as the supplier of the recalled equipment. For reference, here is a copy of the report: https://static.nhtsa.gov/odi/rcl/2025/RCLRPT-25V042-4558.PDF

Please provide information about the purchasers to whom your company sold or otherwise provided the equipment or similar equipment in the attached spreadsheet. If your company provided the equipment to other manufacturers or sold the equipment onto the replacement market, your company is required to submit a defect information report to NHTSA in accordance with CFR §573.

If no other manufacturers were supplied, sold, or otherwise provided the recall equipment, please indicate that in your emailed response.

Please contact me if you have any questions or concerns. Otherwise, I look forward to receiving your response by **April 15, 2025**.

Thank you,

Wilson Tran
