Dear Mr.Tran,

I am writing to confirm that the products Farasis produced for Mercedes Benz EQB/EQA in the US were not sold to any other customers in the US.

Thanks,

Feng Zhang

Farasis Energy

Subject: Purchaser Information Request Regarding Recall 25V050

Importance: High

Hello,

The National Highway Traffic Safety Administration's (NHTSA), Office of Defects Investigation (ODI), Recall Management Division (RMD) is conducting a compliance review of safety recalls to define the supply and distribution of the recalled equipment and to influence the prompt initiation of additional safety recalls where necessary. In recall 25V050, Mercedes (MBUSA) identified your company, Farasis Energy, as the supplier of the recalled equipment. For reference, here is a copy of the report: https://static.nhtsa.gov/odi/rcl/2025/RCLRPT-25V050-6768.PDF

Please provide information about the purchasers to whom your company sold or otherwise provided the equipment or similar equipment in the attached spreadsheet. If your company provided the equipment to other manufacturers or sold the equipment onto the replacement market, your company is required to submit a defect information report to NHTSA in accordance with CFR §573.

If no other manufacturers were supplied, sold, or otherwise provided the recall equipment, please indicate that in your emailed response.

Please contact me if you have any questions or concerns. Otherwise, I look forward to receiving your response by **April 24, 2025**.

Thank you,

Wilson Tran
