December 7, 2007

Missoula, MT

Your 2008 911 GT3
Vehicle ID No.: WP0AC29978

Dear Mr.

This Customer Recall Campaign Notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Porsche AG, the manufacturer, has decided that a defect relating to motor vehicle safety exists in certain Porsche 911 GT3 (997) model year 2008 vehicles.

Our records indicate that you are the Owner of a Porsche 911 GT3 (997) vehicle involved in this recall campaign.
On your Porsche vehicle, it is possible that a defective switch console for the "PASM" (Porsche Active Suspension Management) and "TC Off" (Traction Control) switches was installed in your vehicle. The LEDs in the switches can signal a functional change in the PASM mode or the deactivation of Traction Control even though the switches are not actuated.

Furthermore, the Porsche Active Suspension Management and Traction Control systems can fail and the corresponding warnings on the on-board computer will alert the driver to this malfunction.
In order to prevent any danger resulting from the deactivation of Traction Control, the switch console must be replaced.

Please note Federal Regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

You should arrange for an appointment with your Porsche dealer as soon as possible to have the required inspection and or repair performed. The necessary tools to perform this recall will be available at the Porsche dealer of your choice. The parts required for this work will be available at your Porsche dealer. The estimated time to perform this recall campaign is approximately 1 hour. Please allow yourself and your Porsche dealer additional time to complete the repairs.

If your Porsche dealer is unable to perform this inspection and or repair within a reasonable period of time, you may call or write:

Porsche Cars North America, Inc., 980 Hammond Drive, Suite 1000, Atlanta, Georgia 30328
Attention: Customer Commitment, Telephone: 1- (800) – Porsche (1 800 767-7243)

If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. Also, please be aware that this recall must still be performed on your vehicle.

At your option, you may notify the Administrator, National Highway Traffic Safety Administration, 400 Seventh St., S.W., Washington, DC 20590, or call the toll free Auto Safety Hotline at 1 (888) 327-4236.

We sincerely regret any inconvenience this Customer Campaign may cause, and hope you understand our interest in performing this work promptly so that you can be satisfied with your Porsche automobile. There are no costs to you and the repair is free-of-charge. Please accept our apologies for this unplanned service visit.

Yours sincerely,

Tim Quinn
Vice President, AfterSales

P.S. If you no longer own this vehicle, please fill out the attached form and fax it to the toll-free Fax number: 1-800-322-2436
