Hi Kelly,

We made a mistake again and we are very sorry for the delay.
Actually the reports were almost done by the end of 2008. But there is problem with regards to our internal process that causes the delay.
We will hand in the required reports in two days and will try our best to avoid same thing from happening again.
As to the contact person issue, we will offer you the updated information as soon as possible.

Best Regards,

Hello Chas.

Sam Campbell told me I should get in touch with you. Eagle Eyes has 3 active safety recalls, 08V-053, 07E-074 & 07E-075, in which quarterly status reports are over due. On March 17, I sent out 3 letters addressed to Mr. Kamarei (see attached). He has not responded so far. Please tell me if I should be contacting someone else and how I may get in touch with that person.

Thank you,
Kelly Schuler
