Notes:
As required in Part 573.6(c)(7), in the case of a noncompliance, please provide the test results and other information used to
determine the existence of the noncompliance. Include the date of each test and observation that indicated that a noncompliance
might or did exist. Please provide this information as soon as possible.

On August 2, 2012, the GMNA Product Investigations engineer reviewed this condition and, due to
warranty claims involving front washer hoses on low mileage vehicles, he determined the issue
should proceed as a potential non-compliance to the requirements of FMVSS 104 Windshield
Wiping & Washing Systems.
