Subject: **Update for Delivery Stop - Regulatory Compliance Issue**

General Managers, Sales Managers, Service Managers, Shop Foremen, Service Technicians, Service and Parts Managers

Message Text:

BMW AG has decided to conduct a voluntary non-compliance recall to replace both the tire and VIN label on certain Model Year 2014-2015 MINI Hardtop 2 Door (only Cooper, excludes Cooper S) vehicles produced from December 2013 through December 2014. The vehicle capacity weight on the tire label and the GVWR (Gross Vehicle Weight Rating) on the VIN label are incorrect. Affected vehicles will be updated with labels containing correct values.

Further information will be provided as soon as it becomes available.

Affected vehicles can be identified with a “Vehicle Comment” in the DCS Warranty Vehicle Inquiry or ISPA Light with the description:

Defect Code 0071160200, Delivery Stop, Potential Regulatory Compliance Issue, see SI M71 01 15.

Sincerely, Eugene Aton, Technical Service
