WARRANTY INFORMATION LETTER

No.	**WI21-004**
Release	02/01/2021
Effective	02/01/2021
Subject	Detroit Resources: Exploded View DD Platform and DT12 Posters

❖ Detroit Exploded View Component Posters

Product familiarity is the foundation of understanding repairs and filing claims. To enhance understanding of its products, Detroit Diesel Corporation (Detroit) continues to develop resources to help service locations increase efficiency, enable faster customer uptimes, and improve claim reimbursement.

Several years ago, Detroit's TechComm team created visual aids for the network and released exploded view posters for DD platform engines. In early 2021, Detroit added multiple DT12 posters. The exploded view posters are PDF files that can be downloaded from the DTNAConnect Driver's and Maintenance Manuals page; once on the page, users must open several menus: *Detroit Engine/Transmission > Other/Misc > Exploded View Posters*.
