The Privacy Act of 1974 (Public Law 93-579) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

After having my truck towed to the dealership, the dealership stated that the battery terminals melted causing battery acid to leak down the cables running the alternator. The mechanic said that this happens to a large amount of Chevy Suburban and Tahoe's. I called Chevy on this and they would do nothing.
