The Privacy Act of 1974 (Public Law 93-579) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

The suspension the blazer has failed very often I don't know all the dates, but that work for a little time then they go off, its been happening for about 4 months now. I still can't go fast and can't drive in the blazer anymore in the heavy rain it shuts off. I saw on TV there are getting recalled for the same problem we are having and are waiting on our notice for recall its a big safety problem for accident waiting to happen. This is a very bad safety hazard as they can't see to drive because of the blazer. I heard these blazers were getting recalled that was several months ago.
