The Privacy Act of 1974 (Public Law 93-502) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Not sure if complete Failure would cause safety problems. My concern is this vehicle only had 67,000 miles and I took vehicle into dealer at 36,000 for a leakage in the rear end seal and it was supposedly repaired and checked while still under warranty.
