at approximately 5:50pm, while following behind a Blue Taurus station wagon. It swerved immediately left of the center lane. My wife was driving, she should immediately to keep from becoming part of my accident. A dark blue van immediately moving in the on coming direction attempted to maneuver around the blue station wagon. It couldn't they got head on the right side of the road going north on Rt. 42. The impact sent the van slightly in the air and to a abrupt stop. The station wagon continued for a little ways then stopped. I motion my wife to stop. She did.

I exited the car and ran down the road, trying to get people to stop. They didn't. I went directly to the car and looked in. I seen 4 kids in the back seat crying. SCENE

(OFFICER NAME)

(LOCATION)

I was traveling South on SR 42. I noticed a vehicle as if it was passing a South bound car. The North bound traffic was excessive. It didn't look as though the passing car would have enough room to ^{make} pass. The lead car in the North bound column varied as did the South bound car. In a flash I saw the van in the air spin around and land in the ditch. I then pulled to the side of the road and ran to the van. I saw the station wagon in the ditch. People began to help arrive to help. I ran to the van since several others were in the car. Both passengers were shot. The Motor had small cuts. I witnessed several people trying to get the door off of the station wagon. Speed arrived.

Q. WHAT DID THE STATION WAGON LOOK LIKE?

A: DARK BLUE.

Q. WHAT DID THE VAN LOOK LIKE?

A: BROWN, PORTAL SERVICE ON IT.

Q. WHICH LANE WAS THE CRASH?

A: OFF IN THE N/B SIDE DITCH.
