AHN: Mike Lee and Peter Kivett

Ref: 97 Ford Vin # 1FTHX2667VEC11317

I have enclosed photo's of the pickup.

The pickup did not have a air bag, the front seat belts did not hold, the engine never shut off either. After the crash the engine was still running and was turned off by Charlie York. I appreciate your attention to this matter.

• TEXAS

• NEW bought Dec 97

• NO AIR BAG

• Owners manual say there is an air bag in the truck, belts didn't work or the engine didn't cut off.

Respectfully,
