DESCRIBE PROBLEM/DEFECT IN DETAIL (state method of securing child and seat)

Warning - "Death or serious injury" label states less than 20 lbs for rear facing seat. Label was adhered to left base of restraint. A second warning label stating "rear facing 5-30 lbs" was adhered to left side of child restraint near the top of the rear facing belt pathway. Contradictory!

When ~~Evenflo~~ ^{Evenflo} was contacted by parent to obtain a missing child restraint

This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

NARRATIVE DESCRIPTION (Continued):

(cont'd) owner's manual, parent was told that an owner's manual wasn't necessary because all pertinent information was printed on the child seat stickers. Evenflo did not respond to parent's email request either.
