Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I could not try the unit before I bought it. Two days later I called the sales person and told him it vibrates. I took the unit to Honda dealer, the nurse Mayer called Honda and he found the vibration in car engine. He also took it to Rick Coyle and he found a brand new one did the same thing (Vibration.)

For the Company doesn't care or it's a defect - which Honda should look into to

Thank you
