N

Narrative Description of Incident(s), Crash(es), and Injury(ies).

Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure; i.e. parts repaired or replaced (and if old part is available).

WHILE DRIVING AT 55 MPH DRIVER'S SIDE TIRE BECAME FLAT. CONSUMER REMOVED THE FLAT TIRE WITH THE JACK. THE INFLATED TIRE COULD NOT BE LIFTED HIGH ENOUGH TO BE REPLACED ON THE AXLE. *AK

JACK would not lift high enough to replace tire. Tires are same size as manufacturer specs.

I feel they need to give a new jack that works on trucks.

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.

ATTACH ADDITIONAL SHEETS IF NECESSARY

The Privacy Act of 1974 (Public Law 93-579) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.
