The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

The Watauga Chrysler garage told me that if I brought my 1999 Dodge Dakota in for a check that I could increase my gas mileage I was getting 17-18 miles per gallon now I only get between 10-12 miles per gallon. I have lost horse power, it is so weak that when I pass a car normal acceleration it shifts down into out of machine into 3rd gear has no power.
