Narrative: Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Multi Function Switch known failure! How does GM give a recall for 2000-2001 Blazer same part, and refuses to acknowledge a problem with the same part in 1998-1999 multi function switch.

With already fatalities known caused by this switch, I think it is time to recall the earlier model to prevent future fatalities

Never Again Will I purchase GM CAR/Trucks

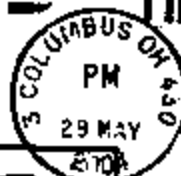

Enclosed: I have switch for your inspections if needed!
