Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

When Signal Light is Needed to be Used for turning or Changing Lane, It Will Not Work. I would have to put on my Hazard Warning Light to get my Signal light back working. It will work for a few days and then it will start back doing the same thing.

I have taken the car to Auto Zone to buy New fuses. They stated that, Nothing Wrong with the fuses.
