N

Narrative Description of Incident(s), Crash(es), and Injury(ies). Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure; i.e., parts repaired or replaced (and if old part is available).

WHILE DRIVING 65 MPH, THE VEHICLE STALLED WITHOUT WARNING. THE DRIVER TRIED TO RESTART THE VEHICLE AND WAS NOT ABLE TO DO SO. THE VEHICLE WAS TOWED TO THE DEALER FOR INSPECTION. THE MECHANIC INFORMED THE DRIVER THAT THE ENGINE NEEDED TO BE REPLACED. PLEASE PROVIDE FURTHER DETAILS. *JB

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.

The Privacy Act of 1974 (Public Law 93-502) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

While driving on an interstate, the car lost power and the oil light came on. Pulled the car over immediately, ~~the~~ it shut off. It would not re-start. Towed it for repair. The engine needed replacing. Dodge/Chrysler would not cover because the car was built in January of 2002 and the 7yr 70,000 warranty started in July 2002. The local Dodge dealership said they do it as warranty but could not prove past oil chg. records. I checked the car's history. It was a rental for a while in Illinois but the rental company no longer had the records. A brand new engine installed ~~is~~ would run approx \$8700 -.
