Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies).

To my knowledge, this vehicle has been in NO accidents. As far as I know, the failed parts are just due to normal wear & tear. It was in its current condition when I bought it from a private owner.

My wife and I both live on a set income every month of \$423.00 each per month. We can't afford to pay about \$1200.00 to fix it. We're just basically looking to get it fixed. We've not found anyone willing to do the repairs and let me pay.

Your response may be used to assist NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If NHTSA proceeds with administration enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

For it over time. I got your company name from a book called "Free Money to Pay Your Bills." The man who came up with it was, Matthew Lesko.

I'm basically grasping at straws. I can't afford to fix it & I can't afford to buy another one. Could you please, possibly help me out?

Thank you,
