Dear Sir or Madam:

Please advise me of my rights concerning the letter I wrote to you on October 24, 2004 concerning the Ignition Interlock failure on my 1995 Honda Accord.

Do I have right to reimbursement from Honda? Are you aware of any class action suits related to the same?

I have written to Honda and asked for reimbursement, but I need to know what the NHTSA stand on this matter is.

Sincerely,  
/

Amma
