Lubbock, TX [REDACTED]

NVS-216aae  
Ref. #10101992

Dear [REDACTED]:

Thank you for your correspondence dated November 20, 2004, concerning the problem you have encountered with your 1996 Mercury Cougar vehicle. Your correspondence was received on November 29, 2004. Due to limited resources we were not able to respond to you in a more timely manner. We regret any inconvenience our delay may have caused you.

The National Highway Traffic Safety Administration (NHTSA) is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain serious safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns. In order for the agency to initiate an investigation, we look carefully at the body of consumer complaints and other available data to determine whether a defect may exist. We cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

The Ford Motor Company notice you received is not a mandated safety defect by NHTSA. Therefore, NHTSA has no jurisdiction on this matter. If you have not done so, you may consider contacting your local Consumer Protection Agency, Better Business Bureau, or the Texas Office of the Attorney General regarding your problem.

You can contact our toll-free DOT Auto Safety Hotline (Hotline) at 1-888-DASH-2-DOT (1-888-327-4236). One of our representatives may be able to assist you on matters concerning motor vehicle and motor vehicle equipment safety recalls or to report an alleged safety problem. You can also request safety information. If our telephones are busy, or you call during non-working hours, you can leave your name, telephone number, and a brief subject on our recording system. A DOT Hotline representative will return your call.

Additionally, we have an Internet Web site at <http://www.nhtsa.dot.gov> that you may want to visit. An electronic Vehicle Owner's Questionnaire (VOQ) is also available on this Web site at <http://www.nhtsa.dot.gov/ivoq>. This form is for vehicle owners to report safety related problems about their motor vehicles or motor vehicle equipment, e.g., child safety seats, jacks, tires, brake fluid, etc. The reports submitted are transferred to our database and are used to

DOT AUTO SAFETY HOTLINE  
888-DASH-2-DOT  
888-327-4236

identify safety-related defect trends that require our attention. If you do not have access to the Internet, please use the enclosed VOQ to inform this agency of any future motor vehicle or motor vehicle equipment safety problems you may experience. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc., can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

If further assistance is needed, please contact Mr. Michael J. Jordan, Safety Defects Program Assistant, Correspondence Research Division, Office of Defects Investigation, at (202) 493-0576.

Sincerely,

Alberto A. Jimenez, Chief  
Correspondence Research Division  
Office of Defects Investigation  
Enforcement
