Re Mitsubishi Endeavor
VIN #A4MN315X4.

Text: Car cost out of pocket due to representative misinformation or no information. We should have been advised that this car was subject to defects that could occur from trash filtering through the air condition vent system.

The previous Montero, that I owned 10 years was so good that I bought this Endeavor and to my dismay, it was the worst mistake I could have made.

Having to correct a problem caused by a defect in design leaves me with much disgust.

Over the years Mitsubishi and Chrysler have been my vehicle of choice. That is now changed.

sincerely yours
