Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies).

Emissions light on vehicle. Car brought into Potomac Honda for service and Evap canister vent shut valve replaced. I warranty extension is 150,000 miles. My engine light has come on 10 more times. Each time the same part has had to be replaced. I am very close to 150,000 miles and feel I should not be financially responsible for a part + diagnostic test because the engine light is going to come back on.

Continues on back.
