RE: 2004 Buick Century Sedan
VIN No. 294WS52J141

Gentlemen:

Last November 4, 2004 I sent an inquiry to your department regarding a possible re-call of the above vehicle regarding a problem with the head-lights.

I read a publication indicating that there is, in fact a recall, however, my local dealer, Labadie Auto Sales, in Bay City Michigan denies there has been a re-call on this vehicle.

Could I ask that you please either confirm or deny that there is a re-call. Not only did I read a publication regarding this, I also heard on Cable Network Television that the re-call did exist.

Please advise.

Sincerely,

Ch
