Gentlemen:

On August 17, 2004 in our local newspaper, I saw a notice regarding a recall of the 2004 Buick Regal and Century sedans. I anticipated a call from the dealer where I purchased my Century sedan - 4 door. When the call did not arrive, I called my dealer to inquire about the recall and I was informed that I would receive a card in the mail telling me when to bring my Buick to the dealer for a change of headlights. The card didn't arrive.

Today I called my dealer, Labadie Auto Co., 711 S. Euclid St., Bay City, MI to inquire again about the headlight exchange/. I was informed that there was no recall on my vehicle. Please advise.

Sincerely,

[REDACTED]
