<p>The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.</p>					

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

In Oct of 2001 a Pushrod Brake in the Engine by being able to Tell them what was wrong they Fixed it.
On Nov. 26, 2001 I Parked on the curb in Newport Oregon. when I pulled out, I thought I had plenty of time. but my vehicle would not accelerate only I did, two cars almost Ripped because I idled out into traffic.
Steve at Power Motion said he couldn't fix it unless it happened to him. Steve is Service Manager.
It has happened unexpectedly about every 500mi since. I keep checking with Steve about every 6 months to see, if he has figured it out, he says if his computer don't show it he can't fix it. Without replacing all acceleration components that costs too much, my life isn't worth that
