Gentlemen:

I have a 2000 Ford F150 with 25,000 miles on it. - It has bad lower ball joints and the Ford Service Manager at Darrow Ford in Wauwatosa said he has 3 vehicles Towed in weekly with Bad Tie Rod Ends. -

Ford is aware of these Problems since they issued an inspection letter in Sept. 2004. and refuse to pay for repairs. -

Is this a safety concern? Does this qualify for a Recall? I hope so -

Respectfully Yours -
