Dear Mr. Mullian:

This letter is being written to put Chrysler on notice. I have requested an appointment to have my Durango repaired due to the D40 Safety Recall and was unable to get an appointment until January 5, 2005. I was also advised that the parts were not in. As you are aware, this matter is very serious, I am notifying Chrysler that I drive with my 2 children everyday and also commute a long distance on the highway. I am very concerned that I am putting myself and my family in danger knowing that I am taking a risk of an underhood fire occurring. At this time, I feel very unsafe driving my vehicle, I am now requesting a rental vehicle to be supplied by Chrysler for my inconvenience and my family's safety.

Thank you for your prompt attention this matter.

Very truly yours,
