Reported to Police

N

Narrative Description of Incident(S), Crash(es), and Injury(ies).

Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure; i.e. parts repaired or replaced (and if old part is available).

THE BRAKES VIBRATE EXCESSIVELY AND HESITATE WHEN THEY ARE APPLIED, MAKING IT DIFFICULT TO STOP VEHICLE. MANUFACTURER WAS CONTACTED BY OWNER. *AK Slippage or failure usually occurs when slowing down to a stop, or almost stopping for traffic, stop light or stop sign. Excessive brake pedal vibration also occurs.

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.

ATTACH ADDITIONAL SHEETS IF NECESSARY

The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.
