JUN 7 2005

NVS-216 mrc  
RefNo. 10115556

[REDACTED]  
Reno, NV [REDACTED]

Dear Mr. [REDACTED]

Thank you for your correspondence dated March 11, 2005, concerning your request for information on the 1989 Nissan Pathfinder truck. It was received on March 9, 2005. Due to limited resources we were not able to respond to you in a more timely manner. We regret any inconvenience our delay may have caused you.

The National Highway Traffic Safety Administration (NHTSA) is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain serious safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns. In order for the agency to initiate an investigation, we look carefully at the body of consumer complaints and other available data to determine whether a defect may exist. We cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

There are two safety recalls (summaries enclosed) on the 1989 Nissan Pathfinder. To find out if the corrective actions have been accomplished, call the telephone number provided in the summary of NHTSA recall campaign No. 95V-103 002. Have the VIN available for this information. They will inform you if there are any opened recalls on that vehicle.

A list of consumer complaints, investigations, service bulletins, and/or detailed information of investigations and safety recalls concerning vehicle safety problems can be obtained from by requesting the information from NHTSA's Technical Information Services (TIS). Please contact:

National Highway Traffic Safety Administration  
Technical Information Services NPO-405  
400 Seventh Street, SW - Room 2336  
Washington, DC 20590  
FAX: (202) 493-2833  
E-MAIL: [tis@nhtsa.dot.gov](mailto:tis@nhtsa.dot.gov) <<mailto:tis@nhtsa.dot.gov>>

DOT AUTO SAFETY HOTLINE  
888-DASH-2-DOT  
888-327-4286

You will need to specify the make, model, model year, and type of problem for which you are requesting information. There is a nominal charge for providing the listings and detailed information; therefore, you may consider contacting TIS for price information before ordering.

You can contact our toll-free Vehicle Safety Hotline (Hotline) at 1-888-327-4236. One of our representatives may be able to assist you on matters concerning motor vehicle and motor vehicle equipment safety recalls or to report an alleged safety problem. You can also request safety information. If our telephones are busy, or you call during non-working hours, you can leave your name, telephone number, and a brief subject on our recording system. A Hotline representative will return your call.

Additionally, we have an Internet Web site at <http://www.nhtsa.dot.gov> that you may want to visit. An electronic Vehicle Owner's Questionnaire (VOQ) is also available on this Web site at <http://www.nhtsa.dot.gov/ivoq>. This form is for vehicle owners to report safety related problems about their motor vehicles or motor vehicle equipment, e.g., child safety seats, jacks, tires, brake fluid, etc. The reports submitted are transferred to our database and are used to identify safety-related defect trends that require our attention. If you do not have access to the Internet, please use the enclosed VOQ to inform this agency of any future motor vehicle or motor vehicle equipment safety problems you may experience. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc., can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

If further assistance is needed, please contact Mr. Michael J. Jordan, Safety Defects Program Assistant, Correspondence Research Division, Office of Defects Investigation, at (202) 493-0576.

Sincerely,

Alberto A. Jimenez, Chief  
Correspondence Research Division  
Office of Defects Investigation
