D.O.T.,

I have sent my Owners Questionnaire Complaint to your office and I am writing to see what is being done about the Manufacture's Defect on my Yamaha 1700 Silverado. The VIN number is JYAUPT7E44A [REDACTED]

The Oil Pump Shaft had broken and the broken piece locked my bike up.

I do not trust this Bike and I do not know if I have any recourse except to keep it.

I called the DOT's office 3-16-05 and they said I must write to you for Information about your Investigation.

Please write or call me and let me know what is happening.

Thank You [REDACTED]
