Narrative Description of Incident(s), Crash(es), and Injury(ies).

Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure; i.e., parts repaired or replaced (and if old part is available).

CONTACT STATES: CONTACT IS HAVING PROBLEMS WITH THE ELECTRICAL SYSTEM, INVOLVING THE LIGHTER, INSIDE LIGHTS, ETC. AS FAR AS SHE KNOWS THE BRAKE LIGHTS/HEADLIGHTS, AND DASHBOARD LIGHTS WORK. THE FUSES HAVE BEEN CHECKED AND THEY WERE FINE. THE VEHICLE WAS TAKEN TO THE DEALER JUST TWO DAYS AGO, AND THE PROBLEM WAS NOT SOLVED. THIS WAS THE SECOND TIME THAT THE CONTACT TOOK THE VEHICLE TO THE DEALER. *AK

At \$300.00 plus each time for work done and not corrected
its an expensive car (for a cheap one). The money
invested is showing that buying a porche, nissan, etc
was the way to go (valued better - blue book)

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.

ATTACH ADDITIONAL SHEETS IF NECESSARY

The Privacy Act of 1974 (Public Law 92-579) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Ford for low mileage 45,000 in 10 yrs shows this old lady doesn't use it too much or abuse. it's never been in an accident, kept in carport, etc. It's a car that's useless and expensive (original cost \$16,000 approx, horrible on gas mileage for a 4 cylinder w/regular oil changes and work done except lights the repairs already out value the cars worth. It's a piece of junk
