the Transmission. And they informed us that we needed to get that fixed as soon as possible & we notified Ford at this time where the vehicle was and what was wrong they told us they couldn't do any thing about this being the vehicle was at a repair shop other than Ford & I proceed to tell them we couldn't make it to Ford Dealer, and we would like to be reimbursed for repairs and they said we couldn't be reimbursed. Later we found out that a lot of Ford Harley Davidson Honda has this same problem. There for Ford need to take responsible for the repairs cause some one could get hurt. Attached is a copy of the Bill we received to get this repaired and what was done also a statement from Jackson
