Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies).

The passenger side automatic sliding door does not work properly. When opening it will stop short and/or close again, when closing it will stop short and/or re-open. We have made sure the track is clean and had it in to the dealer several times. They are able to get in going for a short time, but say there is nothing wrong with it.

Continue on back.

The Privacy Act of 1974 - Public Law 93-579 This information is requested pursuant to a 49 U.S.C. Chapter 301. You are under no obligation to respond to this questionnaire. Your response may be used to assist NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If NHTSA proceeds with administration enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.
