Complaint Information

Description : Feb 9, 2004: Car stopped running while on city street. Coasted to driveway. Towed to mechanic, stated fuse to fuel injector blown, could find cause. Replaced fuse. June 14, 2005: Car stopped running at sign on city street. Towed to same mechanic. Same fuse blown, but now I shorted engine thermostat and melted housing. Mechanic stated no b in all data about the problem. But after I inquired, he discussed with mechanic who said that there were dealer bulletins and that the there had known problems and they were in the fourth iteration of the ther model.
