Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)
 On 7-29-05 tires (4) were replaced by NTB at 6921 Pearl Road
 Middleburg Heights, Ohio 44130. When the tires were changed the
 mechanic (George) found the right rear brake caliper not
 working. Aug 2-05 I took the car to Menky, techs inspected
 rear brake caliper is fine, rear brakes are worn need
 to be replaced. Aug 5-05 took car back to NTB, where they
 needed to replace rotors, brake pads & calipers all on
 the rear axle. I have the original rotors, & calipers
 pads in my possession, if the Company or dealer
 would like to inspect them.
