☐ Prior Repair		Tire Component Code		Tire Failure Type	
ADDITIONAL ITEMS TO BE COMPLETED WHEN REPORTING A CHILD SEAT FAILURE					
Make:		Date Manufactured:		Model No./Name:	
Seat Type:		Installation System:			
Child Seat Component Code:		Failed Part:			
APPLICABLE INCIDENT INFORMATION					

Safety Chains are attached to Frame with 1/4" mild steel Bar. The welds that held the Hitch coupler to the Frame are not strong enough. Trailer has a 16610 pound GVW.

The poor assembly of this is an accident looking for a place to happen. I can get no response on this issue either from the manufacture or the selling dealership.

Thank You
