I am a subrogation attorney with the firm of Cozen O'Connor alerting you to another Ford fire. My client, Nationwide, insures the home of [REDACTED] Memphis, Tennessee [REDACTED] that caught fire August 6, 2005. The origin of the fire is believed to be a 1996 Lincoln Town Car, VIN 1LNLMB1W4T [REDACTED]. We are aware of ODI's off-again, on-again investigations of various Ford vehicle fires where the speed control deactivation switch is a suspect. You are invited to attend a coordinated scene inspection scheduled to take place Friday, September 9, 2005 with experts for Nationwide and experts for Ford. I will also be present. Attached are informative photographs taken by a neighbor in the early stages of the fire.

Some of these photos are really good for subrogation. One photo shows the entire vehicle engulfed in flames.
