Re: My 2003 Nissan Murano, VIN# JN8AZ0BT53W [REDACTED]

I have received the recall notice regarding my alternator and have made an appointment to have this repaired. However, I had been having problems starting my engine and just recently had my battery replaced prior to receiving this information from you.

Please reimburse me for my battery, as it would not have needed to be replaced if I'd known to get the alternator replaced/repared. I have enclosed my receipt.

Regards,
