To Whom it may concern:

I would like to register a complaint regarding my 2001, 560 Volvo. However since I lived in Canada I was unable to register using your site because I could not use Ontario in the state option field.

At highway speeds my car suddenly stalled for no apparent reason. It did restart immediately. I have lost confidence in this car as it is obvious how dangerous stalling at highway speeds is.

I enclosed in the service invoice when I took the car for this complaint. To date the dealership does not acknowledge any problem. I would like to know if the problem can be fixed, if so what needs to be done.
