APPLICABLE INCIDENT INFORMATION

(Please describe in detail the incident(s), failure(s), crash(es), and injury(ies).)

Crash

☐ Yes ☒ No

Fire

☐ Yes ☒ No

Number of Persons Injured

Number of Deaths

Reported to Police

Narrative Description of Incident(s), Crash(es), and Injury(ies).

Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure; i.e., parts repaired or replaced (and if old part is available).

DT*: THE CONTACT STATED WHILE DRIVING AT NO PARTICULAR SPEED, THE CHECK ENGINE LIGHT ILLUMINATES AND THE VEHICLE COMPLETELY STALLS. AFTER STALLING, THE VEHICLE RESTARTS FOLLOWING AN EXTENDED PERIOD OF TIME. ALTHOUGH THE VEHICLE HAS BEEN SEEN BY A DEALER AND MULTIPLE REPAIRS HAVE BEEN MADE, THE DEALER WAS UNABLE TO REMEDY THE STALLING PROBLEM.

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.

ATTACH ADDITIONAL SHEETS IF NECESSARY

The Privacy Act of 1974 (Public Law 93-579) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

The check engine light stays on at all times and after driving it for a while it just dies going down the road. I have attached some of the receipts, the rest I was not able to find. I have spent over \$1000.00 trying to fix this one problem and taken it to several different mechanics including the dealership. Still the problem remains. I cannot drive it for safety reasons nor can I sell it with a persisting problem. ~~Please~~ I would appreciate it if you all could help me figure this out.

Thank You.

Dear Consumer:

NVS-216 aaj

As a result of your recent report to the Vehicle Safety Hotline, we have recorded that report on the enclosed Vehicle Owner's Questionnaire (VOQ) form. Please review the form and make changes, additions and corrections as necessary. Additionally, please provide a more detailed description of the failure(s) you reported that you believe is(are) relevant to safety. Also, if available, include copies of repair invoices, letters to the manufacturer, or any other document related to the problem(s) you reported. If a crash or fire occurred, include a copy of the police or fire department report.

It is helpful to be as thorough as possible in your report so that our ability to use your report will be maximized. If you do not have the information, it is not necessary to complete all the boxes. However, it is very difficult to identify the scope of a vehicle problem unless the vehicle identification number (VIN) is known. The VIN is located inside the vehicle on the dashboard adjacent to the left (driver's side) of the windshield pillar and on the driver's door or the driver's door jam. It may also be listed on the dealer's repair invoice. When reporting a tire problem, the brand name, tire name and complete tire size should be included. If possible also provide the DOT tire identification number. It is usually located near the rim flange of the tire on either side of the tire.

The Privacy Act prohibits our agency from identifying you to the manufacturer without your permission. If you wish to give us that permission, please mark the appropriate authorization box and sign the form to allow us to provide your name to the manufacturer. The information you provide may assist the manufacturer and NHTSA in determining if a safety-related defect exists.

Any information provided is entirely voluntary. There is no consequence or penalty of any kind if you do not wish to provide it. We seek this information to develop both statistical and investigative evidence that will help identify potential safety related problems in vehicle or vehicle equipment, e.g., tires, child safety seats, jacks, etc.

When completed, please fold and staple or tape the form so that the pre-address portion of the form is on the outside. If a larger envelope is used, tape the VOQ form to the larger envelope so that the pre-address portion of the form is showing.

If further assistance is needed, please contact Mr. Michael J. Jordan, Safety Defects Program Assistant, Correspondence Research Division, Office of Defects Investigation, at (202) 493-0576.

Thank you for your cooperation.

Sincerely,

Alberto A. Jimenez, Chief
Correspondence Research Division
