I AM WRITING TO INFORM YOU OF A SAFETY ISSUE WITH MY 2004 GMC ENVOY. THIS VEHICLE ACTS AS IF IT IS GOING TO STALL WHEN COMING AWAY FROM A STOP. THIS CAN HAPPEN IN FORWARD OR REVERSE. I HAVE TAKEN THE VEHICLE IN 5 TIMES TO TRY TO GET THIS TAKEN CARE OF. THE LAST TIME 12/20/05 THE VEHICLE ACTUALLY DID STALL. I WAS MAKING A LEFT TURN INTO TRAFFIC WITH MY CHILDREN IN THE CAR. IT STALLED HALF WAY ACROSS A MAJOR STREET. THANKFULLY THE OTHER DRIVERS COMING AT ME WERE PAYING ATTENTION. THIS COULD HAVE BEEN A VERY SERIOUS EVEN DEADLY ACCIDENT. THE VEHICLE WAS GIVEN BACK TO ME AGAIN SUPPOSEDLY FIXED ON 12/23/05. THE VEHICLE IS NOT FIXED. I DO NOT FEEL THIS CAR IS SAFE TO DRIVE.

SINCERELY,
