To whom it may concern

As per attach statement from
Nissan/Kia of Middletown I have a question?
Why at 39,329 miles the piston freezes in the
caliper why I should be responsible? When
the piston seized it destroyed the brake pad
and rotor. I have written to Kia Motors of
America inc to no avail and call a
Scott Hubs of Kia Motors at 1-856-608-1305
ext 123 on numerous occasions.
Thank you for your help
