Dear Mr. Alberto A. Jimenez:

This letter is in reference to complaint number 10149802 on a 2002 Honda Odyssey
vin # 5FNRL18622B [REDACTED] owned by [REDACTED]; I have enclosed a towing
copy that I forgot to send in with the Vehicle Owner's Questionnaire form.

I also would like to state that Honda (Brad Barker Honda) refunded the One
thousand dollars that I paid. But I am very concerned with the rebuilt
transmission that is warranted for 36,000 miles or 3 years. Is the # 2 gear
going to come out of this transmission too when it gets to 80,000 miles?
I'm very concerned for the safty of my family who were in the vehical
when the gear flew in the side of the transmission's casing. I feel that the
transmission should have been a new one with a 100,000 mile warranty.

Please help me in this matter.

Thank you,
