I am writing to let you know that my automobile, 2004 Chevrolet Malibu, Vin # 1G4ZT5 [REDACTED] V6, LS, has a constant knocking and popping in the front end that has been on going for over a year.

General Motors is aware of problem but slow to identify complete cause of problem.

Each Day the Car is driven increases the family fear of a major safety hazard, ~~to~~ to us of and the public sector.

Thank you very much for having this outlet in place for us.
