Tuckahoe, NY [Redacted]

Dear [Redacted]

While performing an NYS inspection on your 2002 Silver Grand Prix, I discovered that the condition of the brakes were such that the car could not pass inspection. Specifically, the rear brakes were severely rusted and pitted. The front disc pads were in such bad condition that the pad material was no longer bonded to the steel back plate. If you have any questions, please call me at [Redacted] Thank you.

Sincerely,

Rocco Cacciola, President
