Campaign No: 00V268000

Mfg. Campaign No: 895

Number of Affected Vehicles: 1163000

Beginning Date of Manufacture: 1995 FEB

Ending Date of Manufacture: 1999 SEP

Mini vans built with 3.3L and 3.8L engines.

DESCRIPTION OF DEFECT

The fuel injection delivery system can leak fuel from some of the sealing o-rings or from hair line cracks in the thermoset fuel injection rail.

CONSEQUENCE OF DEFECT

Fuel leakage in the presence of an ignition source can result in a fire.

CORRECTIVE ACTION

Dealers will install a seal on the vehicle fuel rails to prevent external leakage of fuel from the fuel rail crossover tube, should the existing o-rings continue to degrade.

OWNER NOTIFICATION

DaimlerChrysler has not yet provided NHTSA with an owner notification schedule. However, if a vehicle is leaking fuel from the o-rings or from a cracked fuel line, the vehicle should be taken into a dealer to have this repaired as soon as possible.

Owners who take their vehicles to an authorized dealer on an agreed upon service date and do not receive the free remedy within a reasonable time should contact DaimlerChrysler at 1-800-992-1997. Also contact the National Highway Traffic Safety Administration's Auto Safety Hotline at 1-888-dash-2-dot (1-888-327-4236).

ADDITIONAL INFORMATION

The National Highway Traffic Safety Administration operates Monday through Friday from 8:00 AM to 4:00 PM, Eastern Time. For more information call (800) 424-9393 or (202) 366-0123. For the hearing impaired, call (800) 424-9153.

- First Owner**
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.
- Ownership History**
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
