Dear Secretary Anthony Foxx

December 27, 2013

I write on behalf of my disabled family members as well as myself even though I was the owner of the car that suffered damages from the malfunctions of the car due to inadequate repairs after the recalls.

In the holiday spirits and in the spirit of basic fairness and charity to my disabled family members and myself, please reopen and review the facts of the case that was filed on March 17, 2006, so that they can have a decent car for their transportation.

Even if they were qualified for Access-A-Ride, the governmental assistance program, it will not be practical for the family's situations on all occasions. For example, my 83-year old father had to drive my 86-year old mother to visit 2 adult children who were admitted in two different hospital for the past three months. On top of this, he oftentimes drives a grandchild to her visits at an outpatient clinic. With Access-A-Ride, one should make a request ahead of time. It will definitely help the family, but it will not resolve their transportation problems.

You can appeal to Daimler Chrysler to have a sense of charity for a family in need. Even if I am not qualified for a new car, perhaps Chrysler can give me a large discount on a new car.

RE: VEHICLE IDENTIFICATION NO. 1P3EJ46X8XN [REDACTED] AND SAFETY
RECALL-TRANAXLE FLOOR SHIFTER IGNITION/PARK
INTERLOCK

Dear Sir/Madam:

This is the second letter I sent to the company informing the company of its neglect to repair the defect in my Plymouth car.

You sent an inspector to investigate the matter and he concluded the accidents the car had were unrelated to the defect. Yet, no one came to fix the problem. By law, as stated in [REDACTED] v. DaimlerChrysler dated July 6, 2005, if the repair was not done after several reasonable request, the company shall replace my car with a comparable motor vehicle.

This is the final notice before proceeding to Court.

Sincerely,

[REDACTED]

BRIEFLY DESCRIBE YOUR COMPLAINT _____

I bought a 2nd-hand car about October 2003. The car has been involved in several accidents, which involved running out of control upon the application of the brake. At the last accident about July 2004, I received a recall letter from Chrysler which described a defect in the model of my car Plymouth Breeze. I automatically called and explained there might be a connection between all the accidents and the recall. Chrysler sent an inspector and a decision was made, which Chrysler denied any connection. I called the Resolution Group to inquire about the ground of Chrysler's decision. I was told that my only recourse was to sue them. See attached letter. I am in contact with Geico, my car insurance, which had informed me that it did not want to get involved.

DAIMLERCHRYSLER

SAFETY RECALL – TRANSAXLE FLOOR SHIFTER IGNITION/PARK INTERLOCK

Dear DaimlerChrysler Vehicle Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

DaimlerChrysler Corporation has decided that a defect, which relates to motor vehicle safety, exists in some of the following vehicles equipped with a floor mounted shifter and an automatic transaxle:

- 1993 through 1999 model year Chrysler Concorde, LHS and 300M, Dodge Intrepid and Eagle Vision
- 1995 through 1999 model year Chrysler Cirrus and Dodge Stratus
- 1996 through 1999 model year Chrysler Sebring Convertible and Plymouth Breeze

NOTE: Some of the above vehicles were involved in a previous recall which did not fully correct the ignition/park interlock system.

The problem is...

The transaxle floor shifter ignition/park interlock system on your vehicle (identified on the enclosed form) may become inoperative. This may allow the shifter to be moved out of the "Park" position with the ignition key removed (or in the "Lock" position). It may also allow the ignition key to be removed when the shifter has not been placed in the "Park" position. If the shifter is not in the "Park" position, these conditions could allow the vehicle to roll away and cause a crash without prior warning.

What DaimlerChrysler and your dealer will do...

DaimlerChrysler will repair your vehicle free of charge (parts and labor). To do this, your dealer will inspect the shift interlock system and either modify or replace the transaxle shifter as required. Shifter modification will take about ½ hour to complete. Shifter replacement, if necessary, will take about one hour. However, additional time may be necessary depending on how dealer appointments are scheduled and processed.

What you must do to ensure your safety...

- Simply contact your dealer right away to schedule a service appointment.
- Bring the enclosed form with you to your dealer. It identifies the required service to the dealer.

If you need help...

If you have questions or concerns which your dealer is unable to resolve, please contact DaimlerChrysler at 1-800-853-1403.

If you have already experienced this condition and have paid to have it repaired, you may send your original receipts and/or other adequate proof of payment to the following address for reimbursement: DaimlerChrysler, P.O. Box 610207, Port Huron, MI 48061-0207, Attention: Reimbursement.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, S.W., Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-327-4236.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.

Dear DaimlerChrysler Vehicle Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

DaimlerChrysler Corporation has decided that a defect, which relates to motor vehicle safety, exists in some of the following vehicles equipped with a floor mounted shifter and an automatic transaxle:

- 1993 through 1999 model year Chrysler Concorde, LHS and 300M, Dodge Intrepid and Eagle Vision
- 1995 through 1999 model year Chrysler Cirrus and Dodge Stratus
- 1996 through 1999 model year Chrysler Sebring Convertible and Plymouth Breeze

NOTE: Some of the above vehicles were involved in a previous recall which did not fully correct the ignition/park interlock system.

The problem is...

The transaxle floor shifter ignition/park interlock system on your vehicle (identified on the enclosed form) may become inoperative. This may allow the shifter to be moved out of the "Park" position with the ignition key removed (or in the "Lock" position). It may also allow the ignition key to be removed when the shifter has not been placed in the "Park" position. If the shifter is not in the "Park" position, these conditions could allow the vehicle to roll away and cause a crash without prior warning.

What DaimlerChrysler and your dealer will do...

DaimlerChrysler will repair your vehicle free of charge (parts and labor). To do this, your dealer will inspect the shift interlock system and either modify or replace the transaxle shifter as required. Shifter modification will take about ½ hour to complete. Shifter replacement, if necessary, will take about one hour. However, additional time may be necessary depending on how dealer appointments are scheduled and processed.

What you must do to ensure your safety...

- Simply contact your dealer right away to schedule a service appointment.
- Bring the enclosed form with you to your dealer. It identifies the required service to the dealer.

If you need help...

If you have questions or concerns which your dealer is unable to resolve, please contact DaimlerChrysler at 1-800-853-1403.

If you have already experienced this condition and have paid to have it repaired, you may send your original receipts and/or other adequate proof of payment to the following address for reimbursement: DaimlerChrysler, P.O. Box 610207, Port Huron, MI 48061-0207, Attention: Reimbursement.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, S.W., Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-327-4236.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.
