Re: 2006 Freightliner - Model F160/M2 - Ameritrans
VIN: 1FVACWCS17H [REDACTED]

Dear Mr. Zimmerman:

Thank you for your response to my letter of last week. I have spoken with [REDACTED] regarding "I have not received any of the Freightliner service documentation and/or invoicing that I had requested of [REDACTED]" I can not speak for Freightliner, but John assures me that at no time have you requested any invoicing from him.

I have spoken with [REDACTED] one of the CDL qualified bus operators from our church and he has indicated a willingness to accompany you and your driver on September 1, 2006, so that you can perform any testing you feel necessary on the bus. Also, [REDACTED] will attempt to have as many of the church's bus drivers present for the testing. Accordingly, as long as your company covers all costs and expenses of the testing, including providing fuel for the bus, and allow Mr. [REDACTED] and others to be present with the bus, you and your driver are authorized to have the bus inspected and tested on September 1, 2006. Please feel free to contact [REDACTED] directly at the following: [REDACTED] - home or [REDACTED] (cell).

Sincerely yours,

CHAMBLEE & MALONE, LLC
